Making Progress

Ready To Pour Concrete

The weather has not been too favorable. We have been held up on preparing the slab. However, the plumbing is now done as well as the electrical. Inspections are being done and then we will be ready.

The concrete men have been preparing the slab. We are two to three days away from our first pour. The concrete company is on stand by. When we say bring that first load of concrete the trucks will start to roll.

We were hoping to have part of the building up by the lectureship. However, it does not appear that this is going to take place. We want all of you to come and inspect the work that is taking place. All of this is made possible because of good people like you.

We have created a lot of interest in the community because of our building project. We have had various people to stop by and ask what we are doing. They find it hard to believe that we have grown from 36 to about 140 people in just a few short years. The Lord has richly blessed our efforts.

The building is wonderful, but we can never forget the purpose for which it was built. We want God to receive the glory!

August Class Looking Great

From time to time, people will ask me how many students do you have? Then they will ask, how many new students are you going to have? I usually have to say to the second question, I am not sure.

So far, we have received applications for five new full-time students for our fall quarter. We are very excited about this. We also hope that more will apply before the first day of school.

We have the prospect of receiving students from Texas, West Virginia, Kentucky and the great state of Tennessee. The word is getting out about the school. Therefore, we are appealing to more prospective students in various states.

You have helped in this area. In upcoming issues we will be introducing you to some of our representatives in different states. These men will present presentations on the school, faculty, student body and other aspects of the work here.

We hope that you will invite them to your congregation so that they can set the school and our work before you and the members there.

TCSOP LECTURESHIP

3:00-3:45 PM	Steve Canup	Jesus Restored Sight to Two Blind Men

Our lectureship is growing each year. We hope that you will mark it on your calendar. We have a great topic (Miracles) and sound gospel preachers. There will be great lessons and book displays. There will be wonderful fellowship with many area congregations, area gospel preachers, our students and our graduates. This lectureship shows everyone the good this school is doing because we let our students and graduates do the speaking. We will be looking for you. If you attend, we believe that you will want to come every year. You will leave with your battery charged. You will be built up in the most holy faith. This is a great way to study God's Word; "Study to shew thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth" (2 Timothy 2:15). Also consider: "And ye shall know the truth, and the truth shall make you free" (John 8:32).

The Future Is Looking Bright

It appears that this fall we will have five full-time students enrolling. We are very excited about this. We also will have more par-time students enrolling. All of this work is made possible by you. We want to thank you for your prayers and support.

We have been using this part of our newsletter to tell you about some of the congregations that support this great work. We shall continue to do that in the future. We want you to know the sacrifices that many are making to support the training of gospel preachers.

If we could get a few more to help, then many who want to attend school to become a gospel preachers could do so. We have students that need your help! We hope that you will consider helping to evangelize the world. We hope to do our part. Thanks for your prayers and help!

TCSOP Graduation

July 9, 2010

7:00 PM

Speaker: Robert Lupo
